FOOD AND BEVERAGES

Cuisine is a significant part of any vacation. In order for your chef to customize a menu that suits everyone's taste, it is essential for you to provide some preliminary information. It is important to consult all members of your party to make your sailing vacation extra special. Many specific requests cannot be guaranteed due to limited availability of many products on the Islands but the crew will do their best to get them, as this is a truly custom made vacation and is designed around the desires and wishes of you and your party.

RECOMMANDATIONS

Crew Gratuity is not included on the charter rate and is greatly appreciated. If you are pleased with the level of service received, the customary gratuity is 10% - 20% of the charter fee.

Luggage: use of soft and foldable luggage, rather than hard suitcases (it is easier to store on the yacht and prevents damage).

Please list any additional information you would like your crew to know.
